GOOD TO KNOW

The questions the bridesmaids ask.

SEND THIS TO THE GROUP CHAT.

Is the camp just for us?

Your camp, kitchen, fire pit and tents are private to your group. Toilets, showers, the games area and the barn are shared with the other camp in the woodland.

How many to a tent?

Large walk-in tents for 3 to 4, with beds, air mattresses and blankets. A camp sleeps 16. Bigger group? We add tents or give you the whole woodland.

What do we need to bring?

Sleeping bag, pillow, food, drink, BBQ charcoal, cool boxes and ice, wellies and a power bank. For activities: swimwear, a towel and old lace-up trainers.

Is there a fridge or electricity?

No fridges, so bring cool boxes and ice. There are sockets in the kitchen and barn for phones and electric cool boxes. No hook-up for vans.

What's in the kitchen?

Mains drinking water, hobs, a kettle, BBQ (bring your own charcoal), pizza oven, plates, cutlery and utensils. Supermarket deliveries to camp work fine.

How far is it from Newquay?

About 11 miles, 15 to 20 minutes. We don't provide transport. Pre-book taxis: A2B Truro (01872 272989) is based right by camp.

Not everyone wants to do activities?

No problem. Camping only is £130 per person for 2 nights. Staying elsewhere but joining in? It's £38 per activity.

Is there a minimum group size?

Eight people. There's no maximum. Numbers always move, so book on your definite minimum and add late joiners at the same price.

How do we pay?

The lead booker collects from the group and pays us by bank transfer. We're happy to split the balance into two payments around paydays.

Is the deposit on top of the price?

Yes. It's a damage deposit, separate from your package price, and it comes back to you the Monday after your stay.

What if the weather's bad?

We move your session or switch to a sheltered beach. If we can't get you on the water at all, you get a refund for that activity.

Music? Wifi? Signal?

Bring a speaker, just keep it down from midnight. There's no wifi, but phone signal is good on all networks.
